

Boone REMC GIS Intern Position, Summer, 2007

Boone REMC, an electric distribution cooperative based in Lebanon, Indiana, is seeking applicants for a GIS intern position for the summer of 2007.

Duties: The GIS intern will assist the GIS Engineer with duties pertaining to field collection, data entry and other tasks associated with Boone REMC's GIS program.

Candidates should have knowledge of ArcGIS software, including ArcPad and ArcGIS 9.2, and a basic understanding of GPS equipment and software (preferably Trimble). Familiarity with AutoCad and AutoDeskMap is also desirable.

Applicants must have valid driver's license and the ability to pass pre-employment conditions, including driving history and a drug screen. Applicants must be able to work independently with strong attention to detail.

Please send resume with available start date to;
